WARRANT FOR THE ANNUAL TOWN MEETING

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Canterbury in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Canterbury on Tuesday, the thirteenth day of March, next at ten of the forenoon, the polls to be opened at ten of the clock in the forenoon and closed at six of the clock in the evening, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing, and meet at seven of the clock in the evening.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will vote to give the selectmen authority to borrow money in anticipation of taxes.

4. To see if the town will authorize the board of selectmen to sell, lease or otherwise transfer, at public sale, real property acquired by the town by tax collector's deed.

5. To see if the town will authorize the selectmen to reserve such lands held by tax deed as in the mutual opinion of the selectmen and the Planning Board should be reserved for the future benefit of the town.

6. To see if the town will vote to buy a tractor, loader and mower for highway use, the \$500 appropriation for the sand shed to be applied to this purpose, plus any cash surplus as of the end of the year 1955, with the remaining balance to be raised and appropriated.

7. To see if the town will vote to discontinue the election of a road agent and as of January 1, 1957 give the selectmen authority to appoint the road agent.

8. To see if the town will vote to adopt a zoning and building ordinance as recommended by the Canterbury Planning Board a copy of which is incorporated herewith.

9. To see if the town will vote to raise and appropriate a sum of \$400 for Blister Rust Control in Canterbury for 1956.

10. To see if the town will vote to repair the unused road between Route 3B and the Cogswell road and raise and appropriate money for same. (By petition)

11. To see if the town will vote to raise and appropriate a sum of money not to exceed one hundred and fifty dollars (\$150.00) for a metal plaque honoring Sam Lake for his generous bequest to the town, (proceeds of which the town enjoys annually), to be mounted in a suitable place on the outside of the fire house for dedication on Saturday, Old Home Day, August 18, 1956. (By petition).

12. To see if the town will appropriate money to make, paint, letter and erect a sign reading CANTERBURY TOWN HALL, to be erected above the town hall entrance. (By petition).

13. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and fifty six.

CARL A THUNBERG,
ARTHUR G. BROWN,
ROBERT E. DUDLEY,

Selectmen of Canterbury

A true copy of Warrant—Attest:

CARL A THUNBERG,
ARTHUR G. BROWN,
ROBERT E. DUDLEY,

Selectmen of Canterbury

CLERK'S REPORT OF THE ANNUAL TOWN MEETING OF MARCH 8, 1955

Meeting called to order at eleven A. M. by Moderator protem Carl A. Trunberg. Then came the reading of posting of the Warrant and Budget. The Assembly voted to keep the polls open until eight o'clock in the evening and voted to defer action on the budget until that time. The intervening time was spent in action on article one, namely, election of officers for the ensuing year. At seven thirty o'clock, it was voted to act on Articles 3, 4, and 5, while the polls were still open, the purpose of which was to save time as the balloting had decreased in volume.

ARTICLE III

Accepted as read, giving the Selectmen authority to borrow money in anticipation of taxes.

ARTICLE IV

To see if the town would authorize the Selectmen to sell, lease or otherwise transfer at public sale, any and all real property, acquired by the tax collector's deed. Passed with amendment that such sale be advertised thirty days before sale.

ARTICLE V

To see if the town would vote a sum of money not to exceed one hundred and fifty dollars (\$150), to relocate the missing bounds on the Northfield line, and extend the Gilmanton bound to the edge of Rocky Pond. Accepted.

ARTICLE II

Polls declared closed at eight o'clock. At this time the assembly voted to work under Article II, namely to raise such sums of money as may be necessary to defray town charges for the ensuing year; and to make appropriations for the same. At this time, it was voted to consider each item

one by one and then accept the budget as a whole as amend-
Amendment attached as follows:

Proposed budget \$27,744.07. Item of Concord Hospital appropriation of \$674.00 was defeated and taken from the budget, which was the only deduction. General expenses of the highway department was increased by \$1400.00, as requested by the Selectmen as they had an unanticipated item of some over \$1300.00 for truck repair, leaving the total budget appropriation at \$28,470.07.

ARTICLE VI

To see if the town would vote to raise and appropriate a sum not exceeding \$70.00 to the Merrimack Valley Region Association. Accepted as read.

ARTICLE VII

To see if the town would authorize the Selectmen to appoint a road agent instead of having one elected. Article defeated.

ARTICLE VIII

To see if the town would vote to recognize the Canterbury Volunteer Fire Department, Inc., as the official fire fighting force of this community, and that any reference to the fire department be construed as referring to that body. Amendment attached as follows

That the town of Canterbury accept from the Canterbury Volunteer Fire Department all fire fighting equipment and other properties except corporation funds, as the property of the town. Article accepted. Another proposed amendment was defeated.

ARTICLE IX

To see if the town would vote that all funds raised and appropriated for the fire department be expended for goods, services, maintenance of equipment, new equipment, or any other lawful department expense as directed by the fire department. Amended as follows — that all such funds be

expended by the Selectmen considering the recommendation and specifications of the fire department.

ARTICLE X

Voted in the affirmative to authorize the Selectmen to sell the 1937 Chevrolet fire truck, all money received for same to be applied to rebuilding the 1951 chassis.

ARTICLE XI

Suggested that railing enclosing election booths and officials be repaired to eliminate danger of tripping. Mr. Ralph Keeler kindly volunteered to make the necessary repairs at no cost to the town. At this point the meeting returned to Article I.

Officers elected as follows:

<i>Selectman</i>	Robert E. Dudley
<i>Clerk</i>	Sabin N. Guertin
<i>Treasurer</i>	Richard A. Dickson
<i>Tax Collector</i>	Robert L. Mudgett
<i>Road Agent</i>	Philip K. Stone
<i>Auditors</i>	Walter Comee, Jr. George Grace
<i>Library Trustee</i>	Barbara Comee
<i>Trustee of Trust Funds</i>	Henrietta Grace
<i>Overseer of the Poor</i>	Norman A. Brown

Total names on check list, 323; total voting 210.

A true report to the best of my knowledge and belief.

SABIN N. GUERTIN,
Town Clerk

BUDGET OF THE TOWN OF CANTERBURY

Estimates of revenues and expenditures for the ensuing year, January 1, 1956 to December 31, 1956 inclusive, compared with actual revenues and expenditures of the previous year 1955.

Sources of Revenue	Actual Revenue Year 1955	Estimated Rev- enue Yr. 1956	Increase	Decrease
From State:

County Tax:	2,422.94	2,422.94		
	<u>\$26,789.04</u>	<u>\$24,853.74</u>	<u>\$2,142.39</u>	<u>\$4,077.69</u>

* This appropriation is allocated as follows:

The following is figured on a pro-rated admission basis for each of the hospitals used by the residents of Canterbury:

Concord	39 Admissions	\$198.30
Franklin	11 Admissions	55.92
Laconia	9 Admissions	45.78
		<u>\$300.00</u>

YOUR BUSINESS

For the fiscal year of 1955 your Selectmen can report a balanced budget. As every Canterbury housewife knows, a budget geared only to necessary and predictable expense is brought into balance by expert juggling within the broad framework of the budget. Our budget problems are exactly the same as your own. It's the unanticipated expenses that give us trouble. Your operating budget for town expense in 1955 was \$28,314.47, total budget expenditures were \$26,789.04.

During 1955 a complete survey of town bounds were undertaken and lost markers restored or new ones established. There are still a few markers to be replaced and we hope to do this in 1956. We want to record our thanks to Robert Mudgett and Norman Bickford who contributed much time and effort to searching out long lost bound markers.

We paid off the note on the new fire truck and with the help of the firemen our mobile equipment is now fully owned. Our fire protection system is very much improved and the Fire Chief and members of the Department have devoted themselves to that end and deserve our congratulations.

Our town buildings and equipment have been maintained to the extent necessary. The Women's Club, however, have undertaken improvements at the Town Hall which deserve your notice. We feel that central heat should be furnished at the Town Hall, but hope that this may be accomplished as a community project to keep the expense off the tax rate. From Sam Lake funds we have painted the Selectmen's Office and have arranged to heat it from the garage boiler.

The insurance item in the budget will need explanation. It is higher because we increased fire coverage on the Town Hall, purchased extended coverage for all Town-owned

buildings and have placed all insurance expense on a budget basis to even out costs after 1956. We are transferring insurance costs formerly in the Fire Department budget to the insurance item of the town budget. This transfer plus increasing the schedule of coverages accounts for this year's request.

Highways are a major concern, but we can report progress. Each year we are able to black-top a little more road and the plan is to continue this as funds are available. Our highway expense is primarily devoted to maintenance and is always a deficiency appropriation. If we are lucky, we can accomplish a lot, if time catches up with us we build less road. Your Board is still of the opinion that our Road Agent should be an appointed office, not an elected office. Our reason is that continuity of a highway development program depends upon performance, not on ability to win an election. A long range program demands long range control. We feel that in your own interest you should adopt this change in policy.

We would earnestly ask that as responsible citizens you acquaint yourselves with the requirements of New Hampshire Timber Tax legislation. If you cut wood to sell or timber to sell or use yourself, file the Intent to Cut and Completion of Cut reports. Forms are available at the Selectmen's Office. It is up to you to comply with the law. The legislation is designed to protect the future of the timber industry in New Hampshire. It is good legislation for you and fair to everyone. We must make it work and you should do your part.

A perpetual problem to everyone is our infamous town dump. We have tried everything except arranging supervision for dumping at specified times. We will soon try this. Our intention is to establish a dumping schedule as soon as we can gate the dump. We will notify you of this schedule and will solicit your cooperation in this attempt to remedy a sorry situation.

Finally, as trustees of your tax money, we point out to you that over half of your tax dollar now goes to support our school program. Your Selectmen are placed in the position of administering a business in which the major control of funds rests in other hands. Few items of your school budget are flexible, but it is the combination of school and town expenses which determines the tax you pay. Look carefully at both your town and school operations for only in this way can you tell where your money goes. Preserving control over your own destiny as a taxpayer becomes more difficult with each passing year and more than ever before, careful thought and participating citizenship pays off for you.

BOARD OF SELECTMEN

REPORT OF OVERSEER OF THE POOR

During the year 1955 Canterbury had its first heavy relief case in many years. With the understanding and cooperation of the own Budget Committee and the Selectmen, we were able to foresee and provide for this expense as shown in last year's appropriations and expenses. We were also fortunate, after the minimum period of support required by the State, to be able to take advantage of State Laws covering such cases, so that costs of maintaining the case were taken over by the State.

If you will check your Town Report, you will note that simple maintenance costs, which cover food, lights and heat primarily, were around \$135.00 monthly. These costs did not cover major clothing nor any medical expense. (Some medical expense was taken care of with the cooperation of the Trustees of Trust Funds.) This amount alone, would mean a budget expenditure of over \$1500 yearly, and clothing would add considerably. Medical and hospital expenses could easily double the amount, and we think we are fortunate in the cooperation of all concerned in sparing Canterbury all but a small part of the burden, and yet adequately providing for the case which is the primary requisite of the law and which, as human beings, we would want, and feel obligated, to accomplish.

This could serve as a reasonable example of something which, if not foreseen, could upset our delicately balanced Town Budget as it is now figured so close to the break even point. There isn't the 10-15% safety margin or more in the budget that could cover a \$2,000 to \$3,000 unanticipated expense. The reserves formerly shown on paper, well up in five figures, have been cut down to hold expenses even at times of major expenditures.

It may be well to bear in mind that relief is almost available on demand, with proof and collection, if any, to come later. The five year residence law applies, but none-the-less you still cannot allow starvation or freezing, which we surely would not.

Checking on applications is more or less at the time, to determine responsibility as quickly as possible and to give service in the same manner. It means one or more telephone calls, possibly a trip or two, plus correspondence, to determine what can and should be done and by whom. It is not reasonable to expect another town or county to assume responsibility without first being certain of where such responsibility belongs.

We had one other minor case which checking revealed was the responsibility of another town and this town agreed to reimburse us for a specified small amount which did not recur for numerous reasons.

There have been several applications proven unnecessary or not our initial responsibility.

There has been one request for surplus foods which we tried to accommodate only to find that regulations had been changed and such items were allowable only to direct relief cases. Previously surplus food had been allowable to direct relief cases and also cases not on direct relief where it would be most helpful.

We can also acknowledge help and advice from the Overseer in Boscawen.

In view of circumstances, it is necessary that we resign this office as of the 1956 Town Meeting date. This is honestly done with regret as we have personally enjoyed our ten years in Canterbury. Any work we have done has been solely for the best interests of Canterbury as a whole without regard to segments or benefits to anyone or a group, whether our side was the majority or minority made, nor can make, any difference. In a democracy, be it one or one thousand, a point of view can be expressed and carried through.

Because there has been disagreement in personal points of view does not mean dislike and we hope to see friends again, and that they will stop by and see us, whether in Canterbury or elsewhere.

NORMAN A. BROWN,
Overseer of the Poor

ANNUAL REPORT OF ELKINS PUBLIC LIBRARY TRUSTEES

An oil burner has been installed in the library. The modern and efficient heating unit has made it possible for the building to be used for small group meetings. The School Building Committee, Town Planning Board, Old Home Day Association, P. T. A. and the Church School have made use of our attractive and comfortable library. The trustees hope that this town building and its good stock of books can be of increasing service to the community.

The trustees thank the thoughtful donors of gift books. Their desire to share "best sellers" and good books with other patrons is greatly appreciated. The library is especially proud of a beautiful book, MacMillan's "Wild Flowers", given by the Canterbury Woman's Club. It has permanent value and will give pleasure to many people for many years. A carefully chosen book given by an organization or in memory of a friend is a lasting tribute to the community.

An effort has been made and will be continued, to add new juvenile books. It is anticipated that the library and the proposed elementary school can do much to help each other.

Mrs. Andrew Fowler resigned as trustee to accept the position of librarian. Sabin N. Guertin was appointed as trustee.

Library hours are Saturday afternoons, from 2:00 to 5:00 P. M.

MARGERY J. RUGGLES,

REPORT OF FOREST FIRE WARDEN

BE A GOOD CITIZEN — COOPERATE

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955 — 235 fires out of a total of 463 originated from these two sources.

Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. Local wardens issued 3,864 permits for debris burning fires. The records show only two permit fires got out of control. This proves several things — while wardens were liberal in the issuance of fire permits, accommodating every applicant as far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The latter, too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Result? Much burning done legally and safely.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. Will YOU do YOUR share to bring this about?

REMEMBER

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

BE A GOOD CITIZEN — COOPERATE

Number of Local Fires	5
Number of Acres Burned	1 1/10
Number of Permits Issued	46

THOMAS J. KING, *District Fire Chief*
COLIN HEATH, *Forest Fire Warden*

REPORT OF THE CHIEF OF THE CANTERBURY
VOLUNTEER FIRE DEPARTMENT, INC.

The Canterbury Volunteer Fire Department, Incorporated, responded to a total of 25 alarms during 1955. These responses consisted of six chimney fires, one car fire, three fires at the town dump, one controlled burning fire, one house fire, one refrigerator fire, seven brush fires (see Forest Warden's report), three out-of-town fires, and two false alarms, plus numerous calls on the fire phone requesting names, addresses, phone numbers ,etc., of various citizens of Canterbury. I am proud to report that for the most part we have been able to keep the losses by fire at a low figure this year. It was unfortunate that the one car fire and the one house fire, though not involving large sums of money as far as fires go, were total losses. However, due to the cooperation of everyone, the department has been able to maintain an excellent record.

The Selectmen purchased for the Department a new portable fire pump, suction screen, and several 50' lengths of 2½" rubber lined fire hose. This represents the NEW EQUIPMENT item from funds provided by the town for 1955. In addition, 50' of defective booster hose was replaced on the International Truck. I am happy to mention that I was able to talk a friend of the Department out of about 2200' of linen forestry hose, at no cost, for our forestry truck. This hose is not new hose, although much of it has never been used, but it does fill a bad gap in our planning until such time as we can replace it with something better.

I also am happy to report that we received a gift of \$500.00 from Mr. Robert P. Burroughs toward the construction of our new forestry truck. In addition, the members of the Department and those of the Women's Aux-

iliary raised funds of a considerable amount towards this particular project. When this task is completed, Canterbury will have a second piece of first class fire apparatus in its Fire Department at no cost to the town.

The eight year program which the Department asked the town to support last year for new equipment is under way, and we earnestly urge that it be carried on during the current year. We feel that our progress and success in fire prevention and fire protection for Canterbury depends heavily on this program being brought to completion.

Thank you very much for your help in making Canterbury a safer community in which to live during 1955. The Canterbury Volunteer Fire Department, Incorporated pledges their every effort to make 1956 even safer. SERVICE and SAFETY to CANTERBURY is our purpose.

RALPH W. KEELER, Jr.
Fire Chief

CIVIL DEFENSE

A program for Civil Defense is still a necessity for every community according to the military authorities of our country.

It is easy to doubt that need in this interlude of cold war and uncertain peace but it would be fool-hardy to allow ourselves the privilege of using our doubts as our excuse for doing nothing.

As an excuse for doing something we have held a couple of meetings which have served no purpose other than to keep alive the idea of organizing in the event of disaster. We have felt we could not do more than that since there appears to be little support from the Government of their own convictions regarding the necessity of an active program..

Our women still keep alive the Ground Observer section of our Civilian Defense program, not actively or on schedule but to give them their due, a whole lot more efficiently than any other section of the program. Your chairman adopts the idea that Civilian Defense is a fuse leading to a big hunk of dynamite. It's an awful long fuse and rather faulty all along its length. If it looks like an explosion, we will go to work; as long as it sputters, we will do little except watch it. In this attitude I seem to have the universal support of the community, judging from comments made and offers of assistance.

At Town Meeting you should assign us the money we ask for; if we need it we will use it—if we don't let's acknowledge the fact in our prayers and be thankful.

CHARLES H. SMITH,

Civil Defense Director.

REPORT OF TOWN AUDITORS

We have examined the records of Town Treasurer, Town Clerk, Tax Collector, Trustees of Trust Funds, Road Agent, Elkins Public Library, Canterbury Volunteer Fire Department and Selectmen, for the year ended December 31, 1955 and have found their accounts correctly cast and properly vouched.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Canterbury qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March 1956, at six o'clock in the afternoon, with the moderator opening the meeting, declaring the polls open for voting from six o'clock to nine o'clock for school district officials, and declaring the business section of the meeting at seven-thirty o'clock for action on articles 5-11 inclusive.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of th School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the implication against said appropriation of such sums as are estimated to be received from the state foundation aid fund

together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9.. To see if the district will authorize the school board to sell the Carter, Blanchard, Kezer, and Uplands School Buildings as soon as practical after the new central school is occupied and to deposit these funds in a special school building account for the consideration of the voters at either a special meeting called by the School board or the next annual meeting.

10. To see if the district will authorize the school board to pay any costs in excess of the appropriation sum of three hundred dollars (\$300) to complete the purpose of article ten of the warrant of the annual meeting of March, 1955 from any surplus which may exist in school district funds on June 30, 1956.

11. To transact any other business which may legally come before this meeting.

Given under our hands at said Canterbury this tenth day of February, 1956.

School District Treasurer

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Voters:

New School:

The Canterbury voters decided to bring a new era to education by voting the construction of a new elementary school. The School Board and Building Committee held many meetings to study the problems involved, issued many information bulletins, and steadfastly developed increased support for this addition to the community.

Special Private Assistance:

The Canterbury taxpayers will be specially assisted by generous gifts from its citizens to aid in the new school. Mr. and Mrs. Alexander Standish pledged \$20,000, payable at the rate of \$1000 a year for twenty years. Mr. and Mrs. Ralph Graham pledged \$500 to the project. Mr. Anton B. Nelson is giving all the bulldozer work for excavating and levelling the site, easily saving the town \$500. These citizens, whose contributions undoubtedly led many voters to support the project, are to be commended for their civic spirit and financial assistance to help make a new school possible.

School Building Committee:

The members of the School Building Committee are:

Lucille Keeler, Chairman	Lucien Hildreth
Ralph Graham	Donald Booth
Mildred Meeh	Walter Comee
Frank Maxfield	Arthur Brown
Francis Gould	James Guertin
Mary Ellen Fifield	Richard Dickson
George Grace, Secretary	
Consultant, Joseph Maier	

These members deserve the thanks of the town for the long hours and many meetings spent in the service of the community and at no cost to the taxpayers in investigating every possibility concerning the school construction problem.

Tuition Rates for the 1956-1957 School year are as follows:

Concord High	\$340
Penacook High	300
Tilton-Northfield	330
Belmont High	300

Helping Teacher:

Miss Esma Ford of Laconia was elected Helping Teacher by the Supervisory Union. Her chief duties will be to help teachers of the entire Union on problems in Curriculum, Methods, Discipline, Morale, and Public Relations. She

will have charge of the teaching program in all schools. She will work on special teaching aids for teachers, visual aid programs, and professional teachers meetings. The State of New Hampshire pays \$2500 annually towards the salary of the Helping Teacher.

Second Nurse:

The Supervisory Union voted to add a second nurse since it was impossible for one nurse to cover five towns with a total enrollment of 1643 pupils. This means that Canterbury will have one day a week of the time of the nurse and that it will lead to more clinics and home visits.

The members of the Canterbury School Board have spent more of their personal time working for the school district in the interests of better schools than any community has the right to expect of its officials. The problems of transportation, repairs, finance, school sites, maintenance, school building planning, and general details have meant meetings far in excess of the number held in other communities to stretch the value of the dollar provided by the taxpayers to give the children a better education. Their work will be appreciated even more when the dream of a central school becomes a reality. It has been a pleasure for me to work with your School Board and to enjoy their cooperation.

May I thank the Parent-Teacher Association, the citizens who cooperated with the clinics, the five teachers, and all citizens for their support and assistance during the year.

We look forward with the citizens of Canterbury to a happy year with a new consolidated school that will develop the children educationally with the advantages and morale of one school with the proper facilities unavailable in the old scattered district schools.

Cordially yours,

GORDON L. FOX,

Superintendent of Schools

ZONING AND BUILDING ORDINANCE
Town of Canterbury, New Hampshire

In order to retain the beauty and rural atmosphere of the Town of Canterbury, and to promote health, safety, order, convenience, peace, prosperity, and general welfare of its inhabitants, the following ordinance is hereby enacted by the said Town, pursuant to the authority conferred by Sections 60 - 89 of Chapter 31, Sections 2, 18, 30 and 36 of Chapter 36 and Sections 1-5 of Chapter 15 and Chapter 31, Section 63 through 89 of New Hampshire Revised Statutes annotated 1955.

ARTICLE I

Establishment of Zoning Districts

Section 1, For the purpose of this ordinance, the Town of Canterbury is divided into three zones as particularly defined on a map known as the Canterbury Zoning Map, dated December 29, 1955, filed in the office of the Town Clerk by the Town Planning Board and which is made a part of this ordinance:

Zone A, shall comprise the Residential and Agricultural Zone which shall include all land within three hundred (300) feet of any public right of way.

Zone B, shall comprise the Seasonal or Recreation Zone which shall include all land within one thousand (1,000) feet of the shore of Rocky Pond, Forest Pond, Lyford Pond and Clough Pond or any body of water covering more than ten acres. Any property within 300 feet of a public right of way and also within 1,000 feet of these ponds shall be considered to be in Zone B.

Zone C, shall comprise the whole Town with the exception of Zone A and Zone B and shall be known as the Rural Zone.

ARTICLE II

General Regulations, Zone A & Zone B

Section 1. No building or structure intended for use as a dwelling shall be erected or moved to a new location, and no such existing structure shall be altered or repaired to an extent affecting more than one-third of the total area of the original building or structure, without first obtaining a permit conforming to the terms of this ordinance duly granted by the administrative authority, to whom adequate information and plans of the proposed building structure or alteration shall be submitted.

Section 2. The Board of Selectmen shall be the administrative authority to issue permits for the erection or alteration of buildings or structures.

Section 3. It shall be the duty of the administrative authority to grant or refuse a permit within thirty days after receipt of application. Before a permit shall be issued, it shall be first determined by the administrative authority, whether the proposed construction conforms to all the conditions of this ordinance, and the permit shall be issued only when such conformity is assured.

Section 4. No permit shall be issued unless the structure will present a reasonable appearance and will be in keeping with the neighborhood and unless building is to be finished on the exterior in a permanent manner and is to be suitably painted on the outside whenever the same is wood or material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood as judged by the property values and neighborhood character.

Section 5. There shall be a fee of two dollars (\$2.00) for permits issued for the erection or alteration of buildings,

Section 6. There shall be no building inspector. It shall be the responsibility of the applicant and builder, whose name will appear on the permit, to adhere to all submitted plans and information for which the permit was granted.

Section 7. A building permit will be valid for a period of three years and may be extended for a second period of two years without an additional fee if, in the judgment of the administrative authority, additional time is required to complete the building. Nothing in this ordinance shall prevent a property owner from being the builder or prevent the property owner and his family from living in the structure during construction even though the building does not conform to all building regulations prior to completion.

Section 8. No land shall be used for a motor vehicle junk yard, or for a dump, or for the storage of abandoned vehicles or discarded materials of any kind, in a manner that is disorderly, unsightly, noxious, or detrimental to the public, or prejudicial to the general welfare. The selection of a public dumping place maintained or designated by the Board of Selectmen, shall not be effected by this regulation.

Section 9. Advertising signs shall be limited to twenty (20) square feet of area and no roadside advertising sign shall endanger driving on the public roads either by reason of placement or by excessive glare in signs illuminated by night.

ARTICLE III

Residential and Agricultural Zone - (Zone A.)

Section 1. Every new building requiring a permit shall be set back so that there is a minimum depth of 45 feet between the center line of the nearest

right of way and the extreme front of the building or such distance as shall conform to the line of existing buildings on adjacent property. All new buildings shall be set back not less than fifteen feet from the side and not less than ten feet from the rear property lines.

Section 2. The minimum size building lot shall have 150 feet frontage on a right of way and shall contain one acre of land provided, however, that properties which do not conform to these minimum requirements as of the date that this ordinance becomes effective and if such lots are on record in the Merrimack County Registry of Deeds may be sold as building lots and permits to build thereon shall not be denied on account of size.

Section 3. Foundations shall be constructed of concrete, brick, cement block or mortared stone.

Section 4. Buildings must be framed according to good building practices and outside walls shall be constructed of wood or shingles, sidings, clapboards, brick, stucco, concrete or cinder block,

Section 5. The roof of every dwelling hereafter erected or recovered shall be covered with non-combustible or fire resistant materials.

Section 6. Chimneys shall be constructed of stone, brick, or concrete or cinder block to the ground; each shall be lined with flue lining tile and extend at least two (2) feet above the roof to which it belongs, and shall have a clean-out opening at the base, or a prefabricated chimney approved by the New Hampshire Board of Fire Underwriters may be used. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five (5) inches, or by at least five (5) inches of brick or other non-combustible material between the pipe and the combustible material.

Section 7. Sewage must be disposed of in septic tanks of proper size and its location and drainage system shall comply with Chapter 147, Revised Statutes Annotated 1955.

ARTICLE IV Seasonal or Recreational Zone (Zone B)

The provisions of Zone A shall be applicable to Zone B except in the following respects:

Section 1. Every new building, except boat houses or docks, shall be set back from the shore line or front property line, whichever case is applicable, a distance not less than that of adjacent buildings or structures and in no case shall that distance be less than twenty (20) feet. All new buildings or structures shall be set back not less than ten (10) feet from the side and rear property lines.

Section 2. The minimum size building lot shall contain 10,000 square feet and, if a lot includes shore frontage, minimum frontage shall be one hundred (100) feet.

Section 3. Foundations shall be constructed of concrete, brick, mortared stone or concrete block and may be constructed in the form of piers of proper size and distance placed on suitable footings.

Section 4. Sewage must be disposed of in septic tanks of proper size and its location and drainage system shall comply with New Hampshire State Laws and Regulations. The disposal area for effluent from any septic tank shall be no nearer than seventy-five (75) feet of a public body of water except where special permission is granted by the Town Health officer.

ARTICLE V

Board of Adjustment,

Section 1. The Board of Adjustment shall consist of five (5) members appointed within thirty (30) days of the adoption of this ordinance and thereafter as terms expire, by the Board of Selectmen. Appointments will be in conformance with and the Board shall function under the New Hampshire Revised Statutes Annotated 1955, Chapter 31, Sections 66-89. It shall be the duty of the Board, in appropriate cases, and subject to appropriate conditions and safeguards, to make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules herein contained.

Section 2. The Board of Adjustment shall have the following powers:

- a. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement hereof or of any ordinance adopted pursuant thereto.
- b. To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance. The Board of Adjustment may after public hearing allow commercial uses in Zone A.
- c. To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.
- d. In exercising the above-mentioned powers such board may, in conformity with the provisions hereof, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and

may make such order, or decision, as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

e. The concurring vote of three members of the Board shall be necessary to reverse any action of such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance,

ARTICLE VI Conflicting Provisions

Section 1. Whenever the regulations made under the authority hereof differ from those prescribed by any statute, ordinance or other regulation, that provision which imposes the greater restriction or the higher standard shall govern.

ARTICLE VII Validity

Section 1. If any section, clause, provision, portion, or phrase of this ordinance shall be held to be invalid or unconstitutional by any court of competent authority, such holding shall not affect, impair, or invalidate any other section, clause provision, portion or phrase of the ordinance.

ARTICLE VIII Non-Conforming Use

Section 1. Any non-conforming use, other than those specified in subparagraph B below, may continue in their present use except that any non-conforming use or building may not be:

1. Changed to another non-conforming use;
2. Re-established after discontinuance for one year except to a use conforming to the zone in which it is located;
3. Extended;
4. Rebuilt after damage exceeding 50% of its value.

B. No junk yard may continue in any zone as a non-conforming use without special permit from the Board of Adjustment for more than one year after the effective date of this ordinance unless within that period it is completely enclosed within a continuous solid fence of such height as to screen completely the operations of the junk yard. Plans of such building or fence shall be approved by the Board of Selectmen before it is erected.

-6-
ARTICLE IX
Enforcement and Penalties

Section 1. Upon any well-founded information that this ordinance is being violated, the Selectmen shall notify the person or persons responsible of such violation and if the violation is not corrected within thirty (30) days thereafter shall take immediate steps to enforce the provisions of this ordinance.

Section 2. Whoever violates any of the provisions of this ordinance, shall be punished upon conviction, by a fine not exceeding \$10.00 for each day of violation in accordance with Chapter 31, Section 39, N. H. Revised Statutes Annotated 1955.

ARTICLE X
Amendments

Section 1. This ordinance may be amended by a majority vote of any legal town meeting when such amendment is published in the warrant calling for the meeting, and when such an amendment has received a public hearing, which hearing has been advertised and given a legal fifteen day notice.

ARTICLE XI
Definitions

Section 1. Junk means any old metals, bottles, cotton or woolen mill waste, paper, rubber, two or more unregistered motor vehicles not in running condition, used motor vehicle parts and other old articles and accumulation of which is detrimental or injurious to the neighborhood.

Section 2. Non-conforming use means a building, structure or use of land existing at the time of enactment of this ordinance and which does not conform to the regulations of the zone in which it is located.

Section 3. Right of way means all town, state and federal highways and the land on either side of same as covered by statutes to determine the width of rights of way.

Section 4. Building Lot means that parcel of land on which a principal building intended for human occupancy is placed or may be placed, together with the required open space.

ARTICLE XII
Effective

Section 1. This ordinance shall take effect upon its passage.

SUMMARY
THE PROPOSED ZONING AND BUILDING
ORDINANCE

WHAT IT DOES:

1. It protects your property and your living pleasure. Without some kind of protective ordinance, the land next to you can be put to any use and cause you great loss on your home investment. It guarantees to prospective property investors the same protection.
2. It protects you from damage caused by establishment of a noisy, noxious or dangerous business next to you.
3. It protects life and health and it reduces fire danger by providing that new dwellings conform to minimum building and sanitary requirements.
4. It will permit the establishment of industry at proper places in the town.
5. By protecting property it encourages people to come to Canterbury and build good homes.
6. By encouraging good new homes, that increase the taxable property in town, it will reduce the share of town expenses that you have to pay in taxes.
7. It provides for orderly development of lake frontages for summer residents which will decrease the tax burden on all property owners.
8. The large property owner protects the value of his house by owning a large area of surrounding land. This ordinance if passed gives protection to the small property owners.

WHAT IT DOES NOT DO:

1. It does not apply to the building or alteration of farm buildings, garages, or any structure other than dwellings.
2. It does not require any minimum size or cost of dwelling.
3. It does not prevent a man from building his own house or living in it during construction.
4. A new house does not have to meet building requirements during construction which may take five years, or longer if necessary.
5. It does not prohibit present outhouses or prevent the building of new ones for use during five years of construction.
6. It does not require any change or different use of present buildings.

7. It does not provide for any building inspector telling you how you must build your house. All the requirements are clearly stated in the ordinance.
8. It does not effect any property that is more than 100 yards from a public road and 1000' from a lake shore.
9. It does not effect the assessed value of your property. Assessors are obliged to assess fairly in relationship to true value, regardless of the zones.
10. It does not prevent the establishment of a new business but permission for a business in the residential and agricultural zone must be obtained from the Board of Adjustment. This is to protect surrounding property from damage.
11. It will not work a hardship on anyone. The Board of Adjustment has complete power to waive a regulation if there is hardship in any instance.

THE ORDINANCE CANNOT BE CHANGED EXCEPT BY A
MAJORITY VOTE AT TOWN MEETING AFTER A PUBLIC
HEARING.

Your Planning Committee has studied this problem for four years. It believes the proposed ordinance is in your interest and will benefit the entire town.

CANTERBURY PLANNING COMMITTEE

IN CASE OF FIRE

Dial STory 3-6777

This number calls the "Red Telephones" a conference hook-up of 3 special lines in the Center. These telephones are so constructed that no outgoing calls can be made from them; therefore the line is never busy.

Call this number *only* to report a fire. Give your name, the exact location of the fire, and describe the fire carefully. Operators at the Center will call all necessary help. If outside help is needed, the proper equipment will be sent from the Department nearest the fire.

Don't hesitate to call us for any fire, or threat of fire, no matter how small. If you have a flooded oil burner, or a chimney fire, or a short circuit, don't wait to see what it's going to do. Just call STory 3-6777. We're at your service day or night.

All other fire department calls, dial STory 3-6011 for the firehouse and STory 3-6921 for the fire Chief's house.

CANTERBURY VOLUNTEER FIRE DEPARTMENT, INC.
